Craft like you've never seen before.

American Craft Show in San Francicso 2018

Welcome to the 2018 American Craft Show in San Francisco! For three days we proudly fill this space with a diverse array of talented artists from across the country. We're thrilled you've joined us.

While you're here, take advantage of all the show has to offer:

- Explore the best in American craft from more than 250 contemporary jewelry, clothing, furniture, and home décor artists.
- Discover shared **Hip Pop** booths throughout the show featuring the country's top emerging artists. Experience their fresh perspectives, creative use of materials, and contemporary works.
- Be hands-on at our **Let's Make Inspiration Stations,** where we feature local businesses and artists offering sampling and making demonstrations for all ages.
- **Style Slam** returns this year, but with a twist. Stop by the new Style Slam pop-up booth on Saturday to get the latest fashion and beauty tips and see looks featuring fashion wearables, accessories, and jewelry by ACC artists.
- See home décor items put into context in the **"Make Room: Modern Design Meets Craft"** room vignettes created by local interior designers. This year's theme, "Color Story," asks designers to create spaces inspired by craft objects and a favorite color or group of colors that make a cohesive design statement.

On behalf of all of us at the American Craft Council, welcome and enjoy the show.

Executive Director

MODERN DESIGN MEETS CRAFT

COLOR STORY

FRIDAY – SUNDAY AUGUST 3 – 5

Location: Show floor entrance

OUR DESIGNERS SHARE THEIR FAVORITE DESIGN TIPS:

Lindsay Meyer

"As long as you love everything you choose to bring into your home, it can all be blended to become the perfect expression of your uniqueness. The magic is making it all work together."

Stephanie Fillbrandt and Chiya Ewald
Marsh & Clark Design

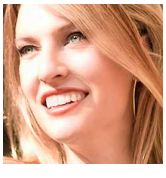
"Start with your favorite color and use it in different percentages throughout your house. Cut it by 50 and 25 percent and play with different sheens. You will feel the variation and dimension, but it will also feel incredibly sophisticated."

Katie Storey
Storey Design
storeydesign.co

"Don't be afraid to let rooms breathe and enjoy the spaces in between. I like to begin a design with high-quality pieces that can stand on their own and don't need a lot of accessories in order to shine. I let that guide me and then add layers of texture as needed."



Quinn Morgan
Quinn Morgan Design
quinnmorgandesign.com

"Everyone sees color differently, and it's all dependent on light. Before committing to a specific wall color, paint a 24-by-24 inch board that you can move onto different walls. This way you can see how the color changes throughout the day to know it's the right color."
